All you need to know about sponsorship and subscription.

This Airframer Index is one of a series of daily-updated documents available to subscribers at the Airframer web site.

For a full list of the aircraft programs and industry categories currently published please visit the www.airframer.com home page. Subscriptions are available to individuals and to organisations wishing to provide site-wide access for all staff.

Note that the information contained in this index has been compiled from a variety of sources, and has not necessarily been confirmed by the aircraft manufacturer in every case. Please refer to our terms and conditions of use on the last page of this report.

Company index:

This list is sorted alphabetically by company name, and provides contact telephone and web address details. It also lists the products or services of the company under our Design Software category and, where available, the new aircraft programs to which these are provided. Please note that the program data is gathered from a variety of sources and not necessarily confirmed by the airframer.

Siemens Digital Industries Software Inc. (was Siemens PLM Software) - Product Lifecycle Management/Digital Technology Partner for AERSIDE Smart Integrated Digital Enterprise

Aero Vodochody L-159

Siemens PLM Software Inc. - Product Lifecycle Management/Teamcenter software suite

Airbus A220

CAE Inc. - Computer-aided Simulation/Engineering services & simulation based technology tools for design, testing & certification (A220)
Frazer-Nash Consultancy Ltd - Computer-aided Simulation/Ditch scenario modelling
Siemens Digital Industries Software Inc. (was Siemens PLM Software) - Computer-aided Design/FiberSim software
Stirling Dynamics Ltd. - Computer-aided Simulation/Load analysis
Strand Aerospace Malaysia - Computer-aided Design/3D to 2D drafting for the Bombardier C-Series Thrust Reverser Actuation System components

Airbus A330

Ansys - Embedded Software - Computer-aided Design/SCADE Suite on board software development program

Airbus A350

AdaCore - Computer-aided Design/GNAT Pro High-Integrity Edition for DO-1788 & Ada 2005 language design programs to build air data inertial reference unit
Cascade Engineering - Computer-aided Simulation/Created entire fixed trailing edge FE models and delivered fully correlated load cases into supply-chain
Dassault Systemes - Product Lifecycle Management/PLM software solutions
Strand Aerospace Malaysia - Computer-aided Design/Conversion of A350XWB fuselage brackets
TechSAT GmbH - Computer-aided Simulation/CMS, IMA, CFDs/OMS simulation

Airbus A380

Ansys - Embedded Software - Computer-aided Design/SCADE Suite & SCADE Display on board software development software
Vector Informatik GmbH - Computer-aided Design/Development & test tool for data buses

Airbus ZEROe

Altair Engineering, Inc. - Computer-aided Simulation/Altair SimSolid simulation technology for structural analyses

Boeing 737

Cascade Engineering - Computer-aided Simulation/Created entire wing & fuselage stores pylons FE models and delivered fully correlated load cases

Boeing 787 Dreamliner

Dassault Systemes - Computer-aided Design/CATIA, ENOVIA & DELMIA software
Siemens Digital Industries Software Inc. (was Siemens PLM Software) - Computer-aided Design/FiberSIM software for composites design & manufacture

Bombardier Global series

CAE Inc. - Computer-aided Simulation/Engineering development simulator (Global 7000/7500/8000)

Boom Overture

Applied Dynamics International Ltd - Computer-aided Simulation/ADEPT edge software for digital twin (Overture)
Verisurf Software, Inc. - Computer-aided Design/Verisurf CAD software

Cessna Citation C3

NEI Software - NEI Nastran FEA - Computer-aided Simulation/Finite element analysis software

Cessna Citation CJ4

PTC The Product Development Company - Computer-aided Design/Aonix PERC Ultra virtual machine software in Venue CMS

Cirrus Vision SF50

PTC The Product Development Company - Computer-aided Design/Creo CAD software for design & development, - Product Lifecycle Management/Windchill PLM collaboration software

Dassault 7X

Dassault Systemes - Computer-aided Design/CATIA design software

Dassault nEURON

AdaCore - Computer-aided Design/GNAT Pro High-Integrity Edition software for data exchange & air-to-ground data links (for EADS CASA)

Embraer Phenom

Dassault Systemes - Product Lifecycle Management/Digital Factory 3D PLM platform
IGE+XAO Group - Computer-aided Design/SEE Electrical Harness Collaborative/SEE Electrical Expert software packages

Embraer Praetor 500/600

Dassault Systemes - Product Lifecycle Management/Digital Factory 3D PLM platform

Eurofighter Typhoon

Cascade Engineering - Computer-aided Simulation/Conducted dynamic computer simulation analysis for fin mounted antenna

Gulfstream G650

Siemens Digital Industries Software Inc. (was Siemens PLM Software) - Computer-aided Design/FiberSIM software for design & tooling of composite empennage panels

JetZero Z4

Altair Engineering, Inc. - Computer-aided Simulation/FlightStream CFD simulation software (part of HyperWorks suite)
Applied Dynamics International Ltd - Computer-aided Simulation/ADEPT edge software for setting up Flying Qualities Lab (FQL) and Integration Test Facility (ITF)

Lockheed Martin F-35 Lightning II

Quantum3D - Computer-aided Simulation/Independence IDX image generators for flight test simulation
Siemens Digital Industries Software Inc. (was Siemens PLM Software) - Computer-aided Design/FiberSim software for manufacture of composite parts (through Quickstep)
Siemens PLM Software Inc. - Product Lifecycle Management/Teamcenter digital lifecycle management software

Lockheed Martin Skunk Works X-59 QuesST

Ansys, Inc. - Computer-aided Simulation/Ansys Fluent simulation
Collier Aerospace - Computer-aided Design/HyperX software (via Swift Engineering)

Natilus Kona

Siemens Industry Software NV - Computer-aided Simulation

Otto Phantom 3500

Luminary Cloud - Computer-aided Simulation/SHIFT-Wing Physics AI model for aerodynamic development

Radia WindRunner

Collier Aerospace - Computer-aided Design/HyperX software for structural sizing

Stratolaunch Roc

Collier Aerospace - Computer-aided Design/Automated sizing and analysis software to inform laminate design and production

Sukhoi SuperJet 100 (SSJ)

Ansys - Embedded Software - Computer-aided Design/SCADE Display cockpit display design software
PACE Aerospace & IT - Computer-aided Design/Mission/SCAP performance software; Pacelab Cabin configuration software
Siemens PLM Software Inc. - Product Lifecycle Management/Teamcenter software suite

Yakovlev MC-21-300

Siemens PLM Software Inc. - Product Lifecycle Management/NX & Teamcenter software for design & development

Turbojet

Boom Overture

Applied Dynamics International Ltd - Computer-aided Simulation/ADEPT edge software for digital twin (Overture)
Verisurf Software, Inc. - Computer-aided Design/Verisurf CAD software

Airbus Helicopters H160

PTC The Product Development Company - Product Lifecycle Management/PTC Windchill PLM software

Airbus Helicopters H175

IGE+XAO Group - Computer-aided Design/CAD tool for digital mock-up electrical systems

Airbus Helicopters Racer

KLK Motorsport GmbH - Computer-aided Design/Design and manufacture of carbon fibre canopy structure (with Modell und Formenbau Blasius Gerg GmbH)

Avicopter AC311

Cascade Engineering - Computer-aided Simulation/Local FE Model of composite fairings for engine air filter

Bell 525 Relentless

Siemens EDA (was Mentor Graphics Corporation) - Computer-aided Design/Capital software suite for wiring system design

Bell V-280 Valor

Collier Aerospace - Computer-aided Design/HyperSizer software used for fuselage sizing

HAL LUH

Cascade Engineering - Computer-aided Simulation/Local FE model of composite fairings for engine air filter

Hill HX50

Autodesk, Inc. - Computer-aided Design/Alias software

KAI LAH/LCH

Cascade Engineering - Computer-aided Simulation/Created and used FE models for the birdstrike analysis for the engine intake bypass door

AIRFRAMER *index*

SUBSCRIBING

This Airframer Index is one of a series of documents derived from the online database at www.airframer.com. It is updated every day.

An expanding series of these index reports about key aircraft programs and about specific aerospace supply chain sectors are available.

Subscribers can access all of the reports, while all visitors can download the reports which have been sponsored.

An individual subscription can be ordered by credit card from www.airframer.com/subscribe_front.html. A company subscription provides access for a number of concurrent users within a specified internet IP address range. More details are available by contacting Stephen Campbell on +44 (0)1279 714512 or stephen@airframer.com.

UPDATING

To advise us of additions, updates or corrections to the data included in this Index, please contact our research team on +44 (0)1279 714517 or research@airframer.com.

Terms and conditions of use

The Airframer Index ("this Document") is a publication developed by Stansted News Limited ("SNL"). By downloading and reading the document you are deemed to have accepted these terms and conditions.

USE OF CONTENT: The services and information provided in this Document are for your personal, non commercial use only.

ACCURACY OF INFORMATION: Neither SNL nor any of its data providers or affiliates make any warranties expressed or implied, as to the accuracy, adequacy, quality or fitness for any particular purpose of the information or the services for a particular purpose or use and all such warranties are expressly excluded to the fullest extent that such warranties may be excluded by law.

INDEMNITY: You irrevocably indemnify SNL and its data providers and affiliates

from and against any and all losses, damages and costs suffered or incurred by SNL, or any data providers or affiliates of whatsoever nature arising out of or in connection with your use, provision or distribution of information of any part of this Document or any part or otherwise howsoever arising in relation to any breach of these terms and conditions by you.

HYPERTEXT LINKS: This Document provides hypertext links to sites on the Internet which are operated by other people. SNL takes no responsibility for and gives no warranties, guarantees or representations in respect of linked sites.

INTELLECTUAL PROPERTY: All intellectual property rights (including copyright, patents, trade marks) whether registered or not in this Document shall remain the property of SNL and no customer or other person shall, or shall attempt to obtain any title to such rights. Information appearing in this Document is the copyright of SNL

and must not be reproduced in any medium without licence. Users are permitted to copy some material for their personal use as private individuals only. Users must not republish any part of the data either on a website, or in any other medium, print, electronic or otherwise, or as part of any commercial service without the prior written permission of SNL.

ADVERTISING AND SPONSORSHIP: Parts of this Document contain advertising and sponsorship. Advertisers and sponsors are responsible for ensuring that material submitted for inclusion in this Document complies with all legal and regulatory requirements and does not contain any material which is objectionable including, without limit, information which is defamatory, obscene, threatening or untrue. SNL will not be responsible for any such material or any error or inaccuracy in advertising material.

LIABILITY: Due to the number of sources from which this Document obtains content

and the nature of electronic distribution via the world wide web neither SNL nor any of its data providers nor affiliates shall have any liability (whether in contract or tort) for any losses, costs or damages resulting from or related to use of or inability to use any information contained in this Document or the provision of this Document to the fullest extent to which such liability may be excluded or avoided by law and in no event shall SNL be liable to you for lost profits or for indirect, incidental, special, punitive or consequential damages arising out of or in relation to the provision of information on this Document. SNL makes no warranty that this Document is free from infection by viruses or anything else that has contaminating or destructive properties.

JURISDICTION: These terms and conditions will be governed by the laws of England and Wales and the parties agree to submit to the exclusive jurisdiction of the English Courts.
